# AZ-900T00A and AZ-900T01A, Azure Fundamentals, Error Log

21 February 2020

Module 02, Lesson 02, Resource Manager (slide)

Update the graphic with new icons.

Module 02, Lesson 02, Regions (slide)

Change the text to "50+ regions" so you don't need to keep updating it.

Module 02, Lesson 02, Region pairs (slide)

Remove the last bullet "Paired regions are members of the same geography – except Brazil." This is not accurate.

Module 02, Lesson 04, Big Data and Analytics (slide)

Azure SQL Data Warehouse is now Azure Synapse Analytics. Azure Synapse Analytics provides limitless analytics service that brings together enterprise data warehousing and Big Data analytics.

Module 04, Lesson 04, Support plan options (slide)

The Premier support plan should be added to the table (last column).

	Basic	Developer	Standard	Professional Direct	Premier
Scope	Available to all Microsoft Azure accounts	Trial and non-production environments	Production workload environments	Business-critical dependence	Business critical dependence
Technical Support		Business hours access to Support Engineers via email	24x7 access to Support Engineers via email and phone	24x7 access to Support Engineers via email and phone	24x7 access to Support Engineers via email and phone + TAM + Implementation assistance
